Heather,

Thanks for this thorough feedback, which is appreciated.

Preparing a MAT report may well be of value, although the 'title' would need to give nothing away.

Assuming Councillor Ayers is elected this evening, he has indicated that he will decide on the 3 additional Councillors who will join the new Cabinet, plus who will be his deputies – by the weekend. He may well also indicate as to whether he will stick with the current Cabinet until the AGM in May, or change to the 'new' one beforehand – say from April Council.

Either way, I envisage asking you to join Councillor Ayers and I (either with, or without the Deputies), to help bring him up to date with our thinking on this issue, Shepperton Studios, and The Avenue, as soon as practicable.

Roberto,

Reg. 12 (4)(e)

Do I need to come to MAT with a brief confidential report?
